

Physical Examination

Dear Parent/Guardian of _____

ALL Kindergarten, First, and Sixth-grade students must receive a completed physical examination as **mandated** by the Pennsylvania School Code. Physical exams help ensure that our students are at their optimal level of health to experience the education process.

The physical examination is best done by the family Physician that is familiar with your child. The physical examination form must be completed by **January 31st 2024** of the students' Kindergarten, First and Sixth-grade year. Parents are to complete the first page of the form and sign it. The remainder of the form is to be completed by the Physician. If the completed physical exam form is not returned by **January 31st, 2024**, the student will be placed on the obligation list until the end of April 2024.

Attached is a copy of the private Physical exam form. Please have it filled out and returned to the medical room. If you have any questions, please contact the medical room at (570)941-4100.

_____ I will have my Private Physician complete the Physical form and return it to the school by **January 31st 2024**.

My child has a Doctor's appointment on _____
